Low Cost Business Phone Plans that SAVE you money

- ✓ Choose a plan based on your calling patterns
- ✓ Perfect for businesses with 2- 10 lines
- ✓ FREE calls on selected plans
- ✓ Choose 12 or 24 month terms
- ✓ Works on PSTN (analogue) or ISDN (digital) lines

Choose a calling plan to suit your business

Every business is different and the way you can save is based on how you call. You may make a lot of short calls, or only call landlines, or make a lot of calls to mobiles... so our business plans allows you to choose the right plan that saves you money.

Keep your existing phone lines

All these plans are available on standard PSTN, ISDN2 or ISDN 10/20/30 phone lines, so there is no need to connect new lines. You simply get the same reliable service you're used to with no downtime.

Different lines can have different Business Plans

You can apply different plans to different lines, so a fax line can be on a lower plan and your phone lines on a higher plan.
